## Silvae.Online will reduce key handovers efforts to a minimum.

Once you receive the Key safe, register it in our portal and you will immediately have optimized your key handovers. The exhausting procedure of moving and gathering keys from person to person has ended. Our time sensitive PIN code let's you decide when and how long a guest, an employee or a third party can enter the property or the room. Whether it's an hour, a couple of days or a couple of weeks. Just send the PIN code via email or SMS and it's done ! Once the PIN expires the access expires too

## In 3 simple Steps Done in less than 30 seconds

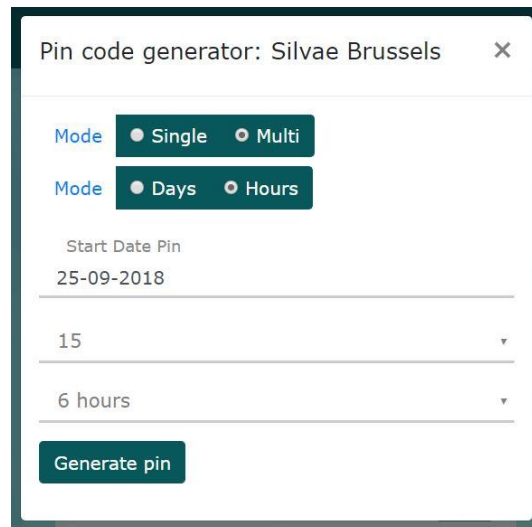

### Log in to the portal

With a username and a password of your choice you can login in the portal where you can manage all your key safes.

### Generate a PIN code

Pick a key safe and push 'Generate Code'. Choose which parameters the PIN code should contain with a few simple clicks. Should it be a one time use or a multiple used code? Will it be valid for days or hours? Choose a start date and a start hour and choose how long it will be valid. Push generate code.

## **Sending the PIN Code**

Send it to the guest, the staff or the maintenance crew. Choose a person who to send it too and choose email or SMS. Since you have the PIN code in front of you on your screen any other channel (Phone, Whatsapp, Facebook messenger,...) to send it can be used too

## Key safe 1120 E Code and 1140 E Code

### Massive Time Savings

The Key stays in the Key Safe. No running back and forth to front desks, reception desks, no searching for the right key or waiting for hours till guests arrive. Just send a PIN code and give access for the period of your choice.

### ZERO cables

No Cabling required. The key safes are not connected to the grid nor to the WIFI nor the GSM network. Just mount them on the wall and done.

### No key handout to 3e parties

Maintenance, Cleaning, Occasional repairs. No key handover. Just send a PIN code with time limited access. When the PIN code expires the access expires.

### Mobile ready

Our Portal is Mobile ready and can be accessed with your smartphone or tablet. No limitation anymore from where you can send the PIN codes.

- Remote PIN code enabled.  
PIN code wizard  
Time framed PIN codes
- Robust 2 mm stainless steel (AISA 304 or 316)
